

24th March 2003

Mr. Antonino Silipigni

CEO TAG SRI

First of all thanks for your interest to be audited under the NEMAK D2 Heat Treatment specification, in order to be considered as a Heat Treatment supplier of our tool sources for mold and sand core boxes.

After auditing your processes and equipment as well as the knowledge and commitment of TAG personnel. I inform you that TAG passed with the highest qualifications and can be fully recommended as a Heat Treatment supplier source, for our tool sources of molds and core boxes.

Finally I want to Congratulate you for having one of the best well run plant operations I have ever seen .

Sincerely yours

Dr. Salvador Valtierra Gallardo

Research and Development manager
